Sommario/riassunto	Strong academic advising has been found to be a key contributor to student persistence (Center for Public Education, 2012), and many are expected to play an advising role, including academic, career, and faculty advisors; counselors; tutors; and student affairs staff. Yet there is little training on how to do so. Various advising strategies exist, each of which has its own proponents. To serve increasingly complex higher education institutions around the world and their diverse student cohorts, academic advisors must understand multiple advising approaches and adroitly adapt them t
