ILMs 10. The Assessment Process: The Impact of ILMs on Student Learning Epilogue: How Faculty, Librarians, and Instructional Support Staff Transform Learning with ILMs in the Future References Index .

| Sommario/riassunto | "Sponsored by the Association of College and Research Libraries (ACRL), this one-of-a-kind book demonstrates the best tools, resources, and techniques for discovering, selecting, and integrating interactive open educational resources (OERs) into the teaching and learning process. The author examines many of the best repositories and digital library websites for finding high quality materials, explaining in depth the best practices for effectively searching these repositories and the various methods for evaluating, selecting, and integrating the resources into the instructor's curriculum and course assignments, as well as the institution's learning management system" -- |
