

1. Record Nr.	UNINA9910453241203321
Autore	Viggers James
Titolo	Melbourne's water catchments : perspectives on a world-class water supply // James Viggers, Haylee Weaver, David Lindenmayer
Pubbl/distr/stampa	Collingwood, Victoria : , : CSIRO Publishing, , [2013] ©2013
ISBN	1-4863-0008-1 1-4863-0007-3
Descrizione fisica	1 online resource (144 p.)
Altri autori (Persone)	WeaverHaylee LindenmayerDavid
Disciplina	333.91 333.916215
Soggetti	Water-supply - Australia Water resources development - Australia Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover; Melbourne's Water Catchments; Dedication; Contents; Preface; Acknowledgements; Glossary; Conversion table; Part 1 Early history: pre-1900 to 1960; Chapter 1: Pre-1900; Introduction; Water for a new settlement; Blackburn's water supply ideas; The Yan Yean scheme; Closure of the Yan Yean water catchment; Challenges to maintaining adequate water supply; Construction of new water supplies to Yan Yean Reservoir; Diversion of the Watts River and construction of the Maroondah Aqueduct; Continued growth of Melbourne; Links between water quality, human activity and disease The Royal Commission into the Sanitary Condition of MelbourneConclusion; Chapter 2: 1901 to 1939; Introduction; 'Enemies of water supply': drought and rapid population growth; The Acheron option; New water supplies: the O'Shannassy River and augmentation of the Maroondah system; New water supplies: the O'Shannassy River; 1920s: further expansion of water infrastructure; Maroondah Reservoir; O'Shannassy Reservoir; Silvan Reservoir; Ritchie's ideas for Melbourne's water and securing of supply options; Commencement of the Upper

Yarra scheme; Bushfires: 1939 Black Friday fires; Conclusion
Chapter 3: 1940 to 1960Introduction; Aftermath of the 1939 bushfires;
Fire management and fire towers; Integrity of the water supply:
protection from disease; Expansion of the Upper Yarra scheme: the
reservoir; Upper Yarra Reservoir: revisions to capacity and rate of
construction; Conclusion; Part 2 1961 TO 2012: A WATER MAN'S
PERSPECTIVE; Chapter 4: 1961 to 1984; Introduction; 1962: 'The future
water supply' report; Analysis of Ronalds' proposals for water supply;
Final recommendations of the Parliamentary Public Works Committee
inquiry; The 1967-68 drought
Additional infrastructure and water supply optionsWater restrictions;
New water supply infrastructure for Melbourne; Greenvale Reservoir:
western Melbourne; Cardinia Reservoir: south-eastern Melbourne;
