Des occasions manquees de faire sens; 2. Un acte de foi pedagogique; 2.1. L'au-dela du sens; 2.2. Le cas B.; 2.3. L'au-dela pedagogique; 3. Le triangle ethique; 3.1. Le sens metaphysique; 3.2. Le sens attache; 3.3. Enjeux ethiques de la relation pedagogique; Finale; Bibliographie; Post face; Dans la collection « Explorations » :
Sommario/riassunto	La question du sens a-t-elle encore du sens ? Certains pourraient penser rapidement que la modernite et la postmodernite l'ont largement depassee. Les plus radicaux diront meme que la question du sens n'a pas de sens et que le vecu moderne, enfin libere de toute entrave a la liberte, l'a definitivement enterree. Quelle ne fut pas ma surprise d'entendre l'appel a faire sens, lance par Veronique, Deleguee de classe, relayant le propos de ses Collegues Pedagogues en formation initiale. Au-dela des executions et des prescriptions, un besoin reel de signifier en tissant des liens qui font exister.

Catholicism, urban workers, and the cold war in Guatemala / Bonar L. Hernandez -- The evolution of "narcoterrorism" : from the cold war to the war on drugs / Michelle Denise Reeves -- Afterword : the paradox of Latin American cold war studies / Alan McPherson.

Sommario/riassunto

""This book seeks to complicate our understanding of the Cold War in Latin America by moving beyond simple polarities of East-vs-West. In a series of essays, it looks at ways in which ordinary Latin Americans determined their own history by bending the Cold War to local purposes"--Provided by publisher"--

"The dominant tradition in writing about U.S.-Latin American relations during the Cold War views the United States as all-powerful. That perspective, represented in the metaphor "talons of the eagle," continues to influence much scholarly work down to the present day. The goal of this collection of essays is not to write the United States out of the picture but to explore the ways Latin American governments, groups, companies, organizations, and individuals promoted their own interests and perspectives. The book also challenges the tendency among scholars to see the Cold War as a simple clash of "left" and "right." In various ways, several essays disassemble those categories and explore the complexities of the Cold War as it was experienced beneath the level of great-power relations"--
