Fisher -- Sacramental Poetics / Regina M. Schwartz -- Enlightenment Aesthetics and the Eucharistic Sign: Lessing's Laocoön / Christopher Wild -- Bibliography -- Index.
Sommario/riassunto	By the end of the fifteenth century, the Eucharist had come to

encompass theology, liturgy, art, architecture, and music. In the sixteenth century, each of these dimensions was questioned, challenged, rethought, as western European Christians divided over their central act of worship. This volume offers an introduction to early modern thinking on the Eucharist—as theology, as Christology, as a moment of human and divine communion, as that which the faithful do, as taking place, and as visible and audible. The scholars gathered in this volume speak from a range of disciplines—liturgics, history, history of art, history of theology, philosophy, musicology, and literary theory. The volume thus also brings different methods and approaches, as well as confessional orientations to a consideration of the Eucharist in the Reformation. Contributors include: Gary Macy, Volker Leppin, Carrie Euler, Nicholas Thompson, Nicholas Wolterstorff, John D. Rempel, James F. Turrell, Robert J. Daly, Isabelle Brian, Thomas Schattauer, Raymond A. Mentzer, Michele Zelinsky Hanson, Jaime Lara, Andrew Spicer, Achim Timmermann, Birgit Ulrike Münch, Andreas Gormans, Alexander J. Fisher, Regina M. Schwartz, and Christopher Wild.
