## Sommario/riassunto

This pathbreaking collection provides something that has been missing in the literature on aging in India, especially for non-Indian audiences: studies of various aspects of aging in India combined with analyses of current policies, policy trends and recommendations. You'll examine aging issues from a variety of perspectives?demographic foundations, social and family relations, economics, health and disability, current interventions, and advocacy and policy. An Aging India also provides you with up-to-date references, explanations of differences and similarities within India's diverse populati
