Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front matter -- Contents -- Note to the Reader -- Acknowledgments -- Introduction -- I Understanding the Awakening -- II From Awakening to Pluralism -- Notes -- Index
Sommario/riassunto	This important book is not about immediate events or policies or responses to the Arab Spring. Instead, it takes a long, judicious view of political change in the Arab world, beginning with the first Awakening in the nineteenth century and extending into future decades when-if the dream is realized-a new Arab world defined by pluralism and tolerance will emerge. Marwan Muasher, former foreign minister of Jordan, asserts that all sides-the United States, Europe, Israel, and Arab governments alike-were deeply misguided in their thinking about Arab politics and society when the turmoil of the Arab Spring erupted. He explains the causes of the unrest, tracing them back to the first Arab Awakening, and warns of the forces today that threaten the success of the Second Arab Awakening, ignited in December 2010. Hope rests with the new generation and its commitment to tolerance, diversity, the peaceful rotation of power, and inclusive economic growth, Muasher maintains. He calls on the West to rethink political Islam and the Arab-

Israeli conflict, and he discusses steps all parties can take to encourage positive state-building in the freshly unsettled Arab world.

Nota di contenuto	Admission under the UN Charter -- The early years : implementing Article 4? -- The road to universality : the admissions of 1955-6 -- Universality affirmed : the eclipse of substantive admission criteria -- Admission after the package deal -- Universality achieved : micro-states, neutral states, and the residue of empires -- Consequences of admission.
Sommario/riassunto	The United Nations began as an alliance during World War II. Eventually, however, the UN came to approximate a universal organization - idlest, open to and aspiring to include all States. This presents a legal question, for Article 4 of the Charter contains substantive criteria to limit admission of States to the UN and no formal amendment has touched that part of the Charter. This book gives an up-to-date account of admission to the UN, from the 1950's 'logjam' through on-going controversies like Kosovo and Taiwan. With reference to Charter law, the book considers how Article 4 came to accommodate universality and what the future of a universal organization in a world

of politically diverse States might be.
