Sommario/riassunto	In 1959, at the age of 22, Joanna Russ published her first science fiction story, 'Nor Custom Stale', in The Magazine of Science Fiction and Fantasy . In the forty-five years since, Russ has continued to write some of the most popular, creative, and important novels and stories in science fiction. She was a central figure, along with contemporaries Ursula K. Le Guin and James Tiptree, in revolutionizing science fiction in the 1960's and 1970's, and her 1970 novel The Female Man is widely regarded as one of the most successful and influential depictions of a feminist utopia in the entire genre.
