Sommario/riassunto

Here is an excellent introduction to and overview of the field of divorce mediation, a field that has grown rapidly and achieved a remarkable level of recognition among both the clinical and legal professions in the last decade. Divorce Mediation describes the process and some of the techniques of mediation, as well as mediation theory and training. Authorities from marriage and family therapy and law--all practicing mediators--address the ability of women to negotiate for themselves in mediation, describe several approaches to handling custody issues, and discuss several challenging issues fa
