Measuring the Impact and Reforming the Process; VII. Multicountry Comparisons of Delimitation Practices; Appendices; References; Index
Sommario/riassunto	This indispensable introduction to the institutions, practices, and consequences of boundary delimitation around the world brings together some of the world's leading specialists on redistricting. - ;The aim of this book is threefold. First to put in one place for the convenience of both scholars and practitioners the basic data on redistricting practices in democracies around the world. Remarkably, this data has never before been collected. Second, to provide a series of short case studies that look in more detail at particular countries with regard to the institutions and practices that have
