RESULTS, CONCLUSIONS, CONSEQUENCES; Bibliography; Index of Biblical References; Index of Authors
	Sommario/riassunto	It is an interesting consequence of the new reconstructions of the early history of Israel that the Israelites must originally have been Canaanites. Nevertheless, an outspoken hatred against Canaanites

permeates the Old Testament. Lemche presents a new way of explaining the anti-Canaanite sentiments of the Old Testament historians, while at the same time disclosing some of the aims and ideas which governed Old Testament history writing.
