| Sommario/riassunto | Ash re-examines the question of the relationship between Egypt and Palestine during the time of David and Solomon. By analysing all the available evidence-epigraphical sources from Egypt, archaeological data from Palestine and the pertinent biblical texts-he concludes that relations and contacts between Egypt and the peoples inhabiting ancient Palestine at the time of David and Solomon were minimal. Any |

reconstructions of the history of relations and contacts between Egypt and Palestine, including ancient Israel, must take this study into consideration.
