| Sommario/riassunto | World Cinema through Global Genres introduces the complex forces of global filmmaking using the popular concept of film genre. The cluster-based organization allows students to acquire a clear understanding of core issues that apply to all films around the world. Innovative pedagogical approach that uses genres to teach the more unfamiliar subject of world cinema A cluster-based organization provides a solid framework for students to acquire a sharper understanding of core issues that apply to all films around the world A "deep focus" section in each |
