Methodological Considerations; Research design, setting, and
procedures ; Adherence to traditional
practices among Oje and elite ;
Comparisons of child-rearing
Comparisons with African societies

Sommario/riassunto

This volume represents the first major effort to apply the distinctive techniques of British social anthropology to the subject of socialization. Along with methodological and theoretical discussion, there is a variety of new field material from Africa, Southeast Asia and elsewhere.
First published in 1967.
