Costanzo and Vicky Tzoumpa -- Interpersonal conflict and resolution strategies: an examination of Hong Kong employees / Alicia S.M. Leung -- Dynamic capabilities for strategic team performance management: the case of Nissan / Vinh Sum Chau and Barry J. Witcher.
Sommario/riassunto	This e-book explores the topic of the relationship of strategic performance management to team strategy, company performance, and organizational effectiveness. This issue contains five original articles, which takes a wider disciplinary perspective, from human resource management, strategic management, operations management, and organizational learning, as well as performance

management, to address this theme. A mix of conceptual, empirical and case-based research is presented in this issue, which reflects the degree of currency, as well as the imperative for, an exposition of the topic area.
