

1. Record Nr.	UNINA9910453777603321
Titolo	Radiation exposure [[electronic resource] ] : sources, impacts and reduction strategies / / Damijan Balenovic and Emilije Stimac, editors
Pubbl/distr/stampa	Hauppauge, N.Y., : Nova Science, c2012
ISBN	1-62100-895-9
Descrizione fisica	1 online resource (256 p.)
Collana	Pollution science, technology and abatement Environmental health--physical, chemical and biological factor
Altri autori (Persone)	BalenovicDamijan StimacEmilije
Disciplina	363.17/99
Soggetti	Radiation - Health aspects Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Natural and man-made radionuclides in soil as sources of radiation exposure / S.D. dragovic, Lj. J. Jankovic-Mandic, R.M. Dragovic -- Radiation exposure and protection in conventional pediatric radiology of thorax / Vera Garaj-Vrhovac ... [et al.] -- The current state of terrestrial ecosystems in the eastern Ural radioactive trace / V.N. Pozolotina ... [et al.] -- Radiation exposure in pregnancy : appropriateness, risks, dose reduction strategies / Mahesh K. Shetty -- Pharmaceuticals photochemical reactions / Cecilia M. Peralta, Liliana P. Fernandez -- Ultraviolet exposure measurements on a coral reef by application of polyphenylene oxide film dosimeters / Nathan J. Downs, Peter W. Schouten, Alfio V. Parisi -- Radiation exposures in medical imaging / Marcio Sommer Bittencourt, Henrique Lane Staniak.
