

1. Record Nr.	UNINA9910453793203321
Autore	Verschuuren G. M. N (Geert M. N.)
Titolo	Excel simulations // Dr. Gerard M. Verschuuren
Pubbl/distr/stampa	Merritt Island, FL : , : Holy Macro! Books, , [2014] ©2014
ISBN	1-61547-215-0 1-61547-115-4
Descrizione fisica	1 online resource (180 p.)
Disciplina	003/.3554
Soggetti	Digital computer simulation Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Sommario/riassunto	Covering a variety of Excel simulations, from gambling to genetics, this introduction is for people interested in modeling future events, without the cost of an expensive textbook. The simulations covered offer a fun alternative to the usual Excel topics and include situations such as roulette, password cracking, sex determination, population growth, and traffic patterns, among many others.
