Paster; Chapter 31 Mary Laird Flanagan; Chapter 32 Dr. and Mrs.William K. Henry; Chapter 33 Francine M. Bernstein; Chapter 34 Dor
Sommario/riassunto	Families of Adults with Autism is a collection of real-life stories of

people on the autism spectrum growing up, as told by their parents and siblings. The individual accounts explore the challenges that families of people with autism have faced, and the techniques they have used to improve the quality of their children's lives, from megadoses of vitamins and dietary changes to intensive interaction. The contributors also relate how they have worked with their children or siblings to help them to function at their highest possible level, be it showing an awareness of their environment, holdin
