Sommario/riassunto	This collection examines theological and ethical issues of ageing,

disability and spirituality, with an emphasis on how ageing affects people who have mental health and developmental disabilities. The book presents ways of moving towards more effective relationships between carers and older people with disabilities; ways in which to connect compassionately and beneficially with the person's spiritual dimension. The contributors highlight the importance of recognizing the personhood of all people regardless of age and of disability, whatever form it takes. They identify factors inherent in pers
