Sommario/riassunto	This book demonstrates that Primary History, the historical work contained in the first nine books of the Hebrew Bible (Genesis-2 Kings), was written as one unitary work, in deliberate emulation of the Greek-language Histories of Herodotus of Halicarnassus (completed c. 440 BCE); the diversity of its books and sections is largely a literary device. The work was most likely written in the period 440-420 BCE, in the period of reform usually associated with the name of Nehemiah. Though this thesis does not directly affect questions of historicity,
