Sommario/riassunto	Designated a Doody's Core Title!. Winner of an AJN Book of the Year Award. The second edition of this award-winning text provides the essential guide to achieving best practices in palliative care nursing. It offers a blend of holistic, spiritual, cultural, and humanistic caring coupled with aggressive management of pain and symptoms associated with advanced disease. With over 20 percent of the book covering pharmacologic and non-pharmacologic pain management, and with a focus on both clinical and holistic treatment, major figures in the field of palliative care nursing outline eleven specific
