| Sommario/riassunto | It is one of the great questions of American history--why did the Southern states bolt from the Union and help precipitate the Civil War? Now, acclaimed historian William W. Freehling offers a new answer, in the final volume of his monumental history The Road to Disunion. Here is history in the grand manner, a powerful narrative peopled with dozens of memorable portraits, telling this important story with skill |

and relish. Freehling highlights all the key moments on the road to war, including the violence in Bleeding Kansas, Preston Brooks's beating of Charles Sumner in the Senate chambers, th

| Disciplina | 576.6 |
| Soggetti | Orthomyxoviruses |
| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
| Note generali | Description based upon print version of record. |
| Nota di bibliografia | Includes bibliographical references and indexes. |
| Nota di contenuto | CELLULAR BIOLOGY OF MYXOVIRUS INFECTIONS; Contents; Chairman's opening remarks; Thestructureof myxoviruses and Its biological significance; Discussion; The various virus-specific units produced by myxovirus-infected cells; Discussion; Effects of inhibitors of nucleic acid synthesis on the production of myxoviruses; Discussion; Labelling of cells infected with myxoviruses; Discussion; Effect of actinomycin D on the replication of Newcastle disease and influenza viruses; Discussion; Role of the surface state in the development of myxoviruses; Discussion Effect of progressive iodination of influenza virus on i t s biological propertiesDiscussion; Structure of myxoviruses; Terminology and classification of myxoviruses; Classification of influenza A viruses; Genetic studies with influenza A virus; Discussion; Genetic variants of |

influenza virus which differ in reactivity with receptors and antibodies;
Discussion; The antibody response; Analytical, serological and clinical
experiences with the haemagglutinating subunits of influenza A virus;
Discussion; Persistent infection of L cell cultures by myxoviruses;
Discussion
Cellular and humoral factors of defence against virus
infectionDiscussion; General Discussion
