Koss, Karen Bachar, C. Quince Hopkins -- Pharmacological treatment of the juvenile sex offender / John M. W. Bradford and Paul Fedoroff.

Sommario/riassunto

From leading scientists and practitioners, this authoritative work examines what is known about the nature and development of juvenile sexual offending, the consequences for both victims and perpetrators, and approaches to assessment, intervention, and relapse prevention. Pathways of normal sexual development are described, and the biological, social, and psychological processes that lead to sexual conduct problems are investigated. The book explores how juvenile offenders are dealt with in the mental health and criminal justice systems, reviews available psychological
