

1. Record Nr.	UNINA9910454128703321
Titolo	Unleashing prosperity [[electronic resource]] : productivity growth in Eastern Europe and the former Soviet Union / / Asad Alam ... [et al.]
Pubbl/distr/stampa	Washington, D.C., : World Bank, c2008
ISBN	1-281-78752-3 9786611787523 0-8213-7280-7
Descrizione fisica	1 online resource (301 p.)
Altri autori (Persone)	AlamAsad
Disciplina	338/.060947
Soggetti	Industrial productivity - Europe, Eastern Industrial productivity - Former Soviet republics Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. 247-256) and index.
Nota di contenuto	Contents; Foreword; Acknowledgments; Abbreviations; Overview; Figure 1 A Large Income Gap Divides the Region, Which Also Lags behind the EU-15, 1999-2005; Figure 2 Productivity and Progress in Reform in the Region; Figure 3 Gross Domestic Product Rose, and Poverty Fell Dramatically; Figure 4 TFP, More Than Labor or Capital, Has Boosted Growth; Figure 5 TFP Has Rebounded across the Region Since 1990; Figure 6 Labor Productivity, More Than Employment or Population Growth, Raised per Capita Income, 1999-2004; Figure 7 The Share of Workers in the Working-Age Population Has Fallen Figure 8 Investments in ICT Contributed to Labor Productivity Growth, 1995-2004 Figure 9 TFP in the Poorest Countries in the Region Is Only Half the Level in the EU-10; Figure 10 The Share of Services in Value Added and Employment Has Risen; Figure 11 Higher Value Added per Worker in Services Raised Overall Labor Productivity in Most Countries, 1999-2004; Figure 12 Labor Productivity Growth Was High, Particularly in the CIS, 1999-2004; Figure 13 As Transition Proceeds, Productivity Growth Is Driven Mainly by Efficiency Gains within Firms Figure 14 Business Start-Ups Have Exceeded Business Exits in Most Countries Figure 15 Hungary's Reforms Led to Increased Firm Entry,

While the 1998 Crisis Prompted Firm Exit in the Russian Federation; Figure 16 In Slovenia, the Largest Manufacturing Firms Have Shrunk, While in Mexico, They Have Expanded; Figure 17 Entrants' Survival Rates Are Higher in the Region Than in Advanced Economies; Figure 18 Entrants with Higher Labor Productivity Are More Successful at Maintaining the Workforce
Figure 19 The Role of Reallocation and Firm Turnover in Productivity Growth in Early Reformers Is Now Similar to That in Advanced Market Economies Figure 20 In Late Reformers, Firm Turnover Has Not Spurred Productivity Gains in Existing Firms; Figure 21 Allocative Efficiency Remains Low in the Region; Figure 22 Labor Shedding at Existing Firms Was the Main Source of Job Destruction; Figure 23 Sometimes Unsynchronized Job Flows Gave Rise to Net Employment Losses; Figure 24 In Services, Job Creation Outpaced Job Losses; Figure 25 Policy Reforms Boost Firm Productivity
Figure 26 Privatization Has Raised TFP, Especially in Countries That Attracted FDI Table 1 Late Reformers Must Complete the Transition; Early Reformers Must Foster Innovation; 1. Patterns of Aggregate Productivity Growth; Figure 1.1 Recent Growth Has Been Strong in the Region; Figure 1.2 Growth Has Rebounded across All Country Groups; Box 1.1 The Growth Accounting Methodology; Figure 1.3 TFP Growth Is the Primary Driver of Growth in Transition Countries; Figure 1.4 Higher Capacity Utilization Partly Explains High TFP Growth Rates; Figure 1.5 TFP Levels and Growth Vary across the Region
Figure 1.6 Productivity Growth Rates Are Now Converging in the Region

Sommario/riassunto

Over the past few years, the countries of Eastern Europe and the Former Soviet Union have seen rapid productivity growth that has driven up living standards and reduced poverty. *Unleashing Prosperity* examines the microfoundations of the recent growth. The report shows that these countries have enjoyed substantial productivity gains from the reallocation of labor and capital to more productive sectors and firms, from the entry of new firms and the exit of obsolete firms, and from the more efficient use of resources. *Unleashing Prosperity* also illustrates that policy reforms that promote governa
