Sommario/riassunto

Finding the Right Place on the Map is a crosscutting, international comparison of the media systems and the democratic performance of the media in post-Communist countries. It explores issues of commercial media, social exclusion, and consumer capitalism in a comparative East-West perspective. Each chapter considers a different aspect of the trends and problems surrounding the media in comparative European and global perspectives. The result is a creative collaboration of leading authors from East and West that covers a rich array of controversial subjects in a comprehensive manner. Topics ran
