Sommario/riassunto

How free are the media in Europe? Freedom of the press and an independent media system are often taken for granted and all of the EU-member states today have implemented guarantees of press freedom in their constitutions and judicial systems. In *Press Freedom and Pluralism in Europe*, researchers from twelve countries examine media systems regarding conditions for independence and pluralism. They discuss a European approach to press freedom and diversity and include case studies of a broad spectrum of media systems including Bulgaria, the Baltics, Poland, Romania, Finland, France, Germany, Austria and the United Kingdom.
