**Sommario/riassunto**

This gritty tragicomic memoir is set in one memorable year?1976, the Bicentennial, when Jimmy Carter ran for president and seven-year-old Doug Crandell lost two fingers in a farming accident. More than anything, Doug wants to shed his nickname, Pig Boy, and grow up to be a hog man like his father. His older brother Derrick reads pulp novels to him each night as he soaks his remaining fingers in Epsom salts. His brothers urge him to ?flip the Wicked Bird" any time another child makes fun of his ?lobster-red hand." Doug shares his summer of healing in Wabash, Indiana, with humans and animal

#### Sommario/riassunto

---

A Companion to Economic Forecasting provides an accessible and comprehensive account of recent developments in economic forecasting. Each of the chapters has been specially written by an expert in the field, bringing together in a single volume a range of contrasting approaches and views. Uniquely surveying forecasting in a single volume, the Companion provides a comprehensive account of the leading approaches and modeling strategies that are routinely employed.
