Nota di contenuto	From environmental justice to environmental citizenship -- Citizens, citizenship and citizenization -- Rethinking environment and citizenship -- Environmental governance, social movements and citizenship in a global context -- Corporate responsibility and environmental sustainability -- Environmental borderlands -- Insiders and outsiders in environmental mobilizations in South-East Asia -- The new vocabulary of ecological citizenship.
Sommario/riassunto	Using new evidence and cases from across the globe, Environment and Citizenship explores the new vocabulary of ecological citizenship and examines how successful environmental policy-making depends on the

responsible actions of citizens and civil society organizations as much as on governments and international treaties. Smith and Pangsapa address how environmental responsibility operates through politics, ethics, culture and the everyday experiences of activists, as well as how awareness of environmental and social injustice only leads to responsible actions and strategic change through civic
