| Sommario/riassunto      | The book spells out in practical, concrete terms what it really means to  |

place the pathology outside the battered woman. The novelty in this approach lies in the implications for practice: battered women are not "sick" - they are in a "sick" situation. " Practical and comprehensive, an excellent guide for clinicians and other interveners . Mary Ann Dutton's book, Empowering and Healing the Battered Woman, integrates psychological theory with detailed information on the real-life dimensions of abused women's posttraumatic responses and the strategies for assessment that form a part of each
