Nota di contenuto	Contents; Contributors; Foreword; Preface; Part I: Overview; Part II: Conceptual Issues; Part III: Developmental and Sociocultural Issues; Part IV: Special Populations; Part V: Clinical Applications; References; Index
Sommario/riassunto	""This book is a mind opener to many important issues of human behavior."" -- from the Foreword by James E. Birren. Reminiscence work continues to develop in exciting and productive ways. In this volume, Webster and Haight along with multidisciplinary contributors point out ways of improving the quality of life through the processes of reminiscence. They present examples of cutting-edge treatments in reminiscence work. Organized into sections, the book sets the stage with a valuable review of the literature and then focuses on conceptual issues, developmental/sociocultural contexts, special p
