Sommario/riassunto

This book is a selection of the scholarly works presented at the 2nd International Redefining Europe Conference in Prague, 2005 as a part of the Ashburn Institute's analogous initiative, the goal of which is to advance people's understanding of the future of European civilisation, and to explore the varying dynamics of transatlantic relations. This volume is a 2nd publication in the Redefining Europe Conference Series. The third manuscript will appear in print following the Renewing the Transatlantic Relationship: Prospects for Europe and the United States in an Emerging Multipolar World Conference held in Norman, OK, November 2008. This book is targeted at scholars and students in political science and related disciplines.
