Sommario/riassunto	Les contributions ici réunies en hommage à Claude Gauvard viennent compléter un triptyque éditorial, initié en 2010 : après Un Moyen Âge pour aujourd'hui et Violences souveraines (PUF, 2010), le bouquet d'études rassemblées témoigne de la dette contractée d'une ultime génération de doctorants, tous devenus depuis docteurs en titre. Il s'agit ici d'un acte collectif visant à rendre justice à l'incroyable capacité que Claude Gauvard de « faire jeunesses » du savoir dispensé, à travers l'enseignement et l'encadrement de travaux de recherches de longue durée. Ainsi pourrait-on qualifier un legs intellectuel inestimable : agir pour les autres et leur donner ce qui est inaliénable, soit la passion du savoir et, en l'occurrence, le désir de comprendre la société médiévale dans la profondeur de sa complexité, de ses ambitions morales comme de son rêve de totalité.

Sommario/riassunto

"Advances in Accounting Education: Teaching and Curriculum Innovations 18 publishes both non-empirical and empirical articles dealing with accounting pedagogy. All articles explain how teaching methods or curricula/programs can be improved. Non-empirical papers are academically rigorous, and specifically discuss the institutional context of a course or program, as well as any relevant tradeoffs or policy issues. Empirical reports exhibit sound research design and execution, and develop a thorough motivation and literature review, including references from outside the accounting field, where appropriate." -- Publisher's description.

Nota di contenuto	Introduction : the problem with names -- The place of Rus' in medieval Europe -- The historiography of the translation of kniaz' -- Titulature and medieval rulers -- What was a kniaz'? -- Medieval titulature and Rus' -- Titles for other medieval rulers in Russian sources -- Conclusion : consequences and resolutions.
Sommario/riassunto	As scholarship continues to expand the idea of medieval Europe beyond 'the West,' the Rus' remain the final frontier relegated to the European periphery. The Kingdom of Rus' challenges the perception of Rus' as an eastern 'other' - advancing the idea of the Rus' as a kingdom deeply integrated with medieval Europe, through an innovative analysis of medieval titles. Examining a wide range of medieval sources, this book exposes the common practice in scholarship of referring to Russian rulers as princes as a relic of early modern attempts to diminish the Rus'. Not only was Rus' part and parcel of medieval Europe, but in the eleventh and twelfth centuries Rus' was the largest kingdom in Christendom.

Sommario/riassunto	This evaluation assesses the development effectiveness of the World Bank's country-level HIV/AIDS assistance defined as policy dialogue, analytic work, and lending with the explicit objective of reducing the scope or impact of the AIDS epidemic. The evaluation identifies findings from this experience and makes recommendations to improve the relevance, efficiency and efficacy of ongoing and future activities.

This is the first comprehensive evaluation of the World Bank's HIV/AIDS support to countries, from the beginning of the epidemic through mid-2004. Because the Bank's assistance is for impl

Sommario/riassunto	Das Ahlener Programm der CDU aus dem Jahr 1947 ist noch heute in politischen Diskussionen Gegenstand heftiger Kontroversen. Nach wie vor sehen sich Christdemokraten oft in der Defensive, wenn von diesem Manifest die Rede ist. Der Grund: Der betont antikapitalistische Tenor des Ahlener Programms steht im Widerspruch zu einer seit den Düsseldorfer Leitsätzen von 1949 von westlichen Teilen der CDU wie ein Dogma gehüteten These: die Politik von christlichen Demokraten

müsse ausschließlich auf eine privatwirtschaftliche Ordnung ausgerichtet sein. Rudolf Uertz greift diesen Widerspruch auf. Er geht dem Phänomen eines christlichen Sozialismus nach. Er zeigt, dass die historische Brisanz des Manifests nicht allein in den sozialreformerischen Forderungen der CDU-Gewerkschaftler begründet ist, sondern vor allem in Adenauers Zustimmung zu den im Ahlener Programm formulierten gemeinwirtschaftlichen Ordnungsgrundsätzen, die die seinerzeit mögliche Spaltung der Partei verhindert hat. "Ahlen" ist somit ein wichtiger Schritt auf dem Weg der CDU zu einer Volkspartei. Die Studie erschließt die in ihren Details bisher weitgehend unbekannte Kontroverse zwischen Adenauer und den Mitgliedern der Sozialausschüsse um die Wirtschaftsordnung der Bundesrepublik. Von besonderer Bedeutung ist, dass der Autor den Streit zwischen den Befürwortern und Gegnern einer Sozialisierung innerhalb des christlichen Lagers von den jeweiligen sozialtheoretischen Schulen und ideengeschichtlichen Ansätzen her beleuchtet. Die christlich-sozialen und die liberalen Konzeptionen mit ihren Wurzeln in der scholastischen Philosophie werden analysiert; vorgestellt werden auch die wichtigsten Exponenten der katholischen Soziallehre, die Programmatik der CDU in der britischen Besatzungszone, die ersten Leitsätze der Bundespartei. Die Studie gibt Einblicke in die innerparteiliche Willensbildung der jungen CDU, sie ist aber damit auch ein wertvoller Beitrag zur Parteiengeschichte der Bundesrepublik.
