Sommario/riassunto	""As far as I am aware, there is no other scholarly book on adult mother/daughter relationships, particularly one that incorporates data from pairs of mothers and daughtersI believe that the contents provide useful material for instructors, researchers, and therapists alike."" Rosemary Blieszner, PhD. Professor of Gerontology and Family Studies. Virginia Polytechnic Institute and State University. The mother/daughter tie is one that persists well past childhood and it takes on unique characteristics as daughter enter midlife and mohers enter old age. Incorporating vivid descriptions by m
