Sommario/riassunto

Although Cultural Studies has directed sustained attacks against sexism and racism, the question of the animal has lagged behind developments in broader society with regard to animal suffering in factory farming, product testing, and laboratory experimentation, as well in zoos, rodeos, circuses, and public aquariums. The contributors to *Animal Subjects* are scholars and writers from diverse perspectives whose work calls into question the boundaries that divide the animal kingdom from humanity, focusing on the medical, biological, cultural, philosophical, and ethical concerns between
