Israel; Part 4. Two Hard Cases Chapter 14. North KoreaChapter 15. Iran; Part 5. Nonproliferation Successes; Chapter 16. Libya; Chapter 17. Iraq; Chapter 18. Non-Russian Nuclear Successor States: Belarus, Kazakhstan, and Ukraine; Chapter 19. Argentina; Chapter 20. Brazil; Chapter 21. South Africa; Appendixes; Glossary; Index
Sommario/riassunto	Deadly Arsenals provides the most up-to-date and comprehensive

assessment available on global proliferation dangers, with a critical assessment of international enforcement efforts. An invaluable resource for academics, policymakers, students, and the media, this atlas includes strategic and historical analysis; maps, charts, and graphs of the spread of nuclear, chemical, and biological weapons and missile delivery systems; descriptions of the weapons and regimes-and policies to control them; and data on countries that have, want, or have given up weapons of mass destruction. A Choi
