Nota di bibliografia	Includes bibliographical references (p. 237-279) and index.
Nota di contenuto	Contents; List of Illustrations; Preface; Introduction; Politics; Praxis; Class; Mexico; Ludlow; Conclusion; References; Index
Sommario/riassunto	Develops a theory and framework to describe how archaeology can contribute to a more humane world. Recognizing that archaeology is an inherently political activity, this book builds on the history of archaeological theory and Marxist dialectical theory to point out how archaeologists can use their craft to evaluate interpretations of this world.
