Sommario/riassunto	Looking for accurate, up-to-date data on development issues? 'World Development Indicators' is the World Bank's premier annual compilation of data about development. This indispensable statistical reference allows you to consult over 900 indicators for some 150 economies and 14 country groups in more than 80 tables. It provides a current overview of the most recent data available as well as important regional data and income group analysis in six thematic sections: World View, People, Environment, Economy, States and Markets, and Global Links.
