SKETCH OF A THEORY OF VOLITION; BIBLIOGRAPHY; INDEX
Sommario/riassunto	Action, Emotion and Will was first published in 1963, when it was one of the first books to provoke serious interest in the emotions and philosophy of human action. Almost forty years on, Anthony Kenny's account of action and emotion is still essential reading for anyone interested in these topics. The first part of the book takes an historical look at the emotions in the work of Descartes, Locke and particularly Hume. In the second part, Kenny moves on to discuss some of the experimental work on the emotions by 20th Century psychologists like William James. Separate chapters cover

Duality / Dov Schwartz -- Bibliography / J. T.R. Robinson -- Index Of Names / J.T.R. Robinson.

Sommario/riassunto

In the history of Jewish thought, no individual scholar has exercised more influence than Maimonides (1138-1204) – philosopher and physician, legal scholar and communal leader. This collection of papers, originating at the 2007 EAJIS colloquium, places primary emphasis on this influence – not on Maimonides himself but the many movements he inspired. Using Maimonideanism as an interpretive lens, the authors of this volume – representing a variety of fields and disciplines – develop new approaches to and fresh perspectives on the peculiar dynamic of Judaism and philosophy. Focusing on social and cultural processes as well as philosophical ideas and arguments, they point toward an original reconceptualization of Jewish thought.
