Nota di bibliografia Nota di contenuto Introduction; History of Prehistoric Times; Introduction to Ancient History; Ancient Mesopotamia; Ancient India; Ancient Egypt; Ancient China; Ancient Greece; Ancient Rome; Early Medieval Ages; Medieval Islamic Medicine; The Renaissance; Early Modern Times; Western Modern Times; References; Glossary; Acknowledgements Sommario/riassunto The history and development of vision and ocular medicine over time always occurred within a framework of many other cultural events. Thus, it is important to understand these factors before one can appreciate how vision and ocular medicine were viewed and practiced at a particular time and in a particular region, and how both slowly progressed over the centuries. Ocular medicine is, and always has been, a part of medicine, and is influenced by its theoretical and practical principles, as well as its diagnostic and therapeutic practices. If the

ancient people thought that diseases were caused b
