Sommario/riassunto	Boasting more than 970 alphabetically-arranged entries, the Encyclopedia of Contemporary British Culture surveys British cultural practices and icons in the latter half of the twentieth century. It examines high and popular culture and encompasses both institutional and alternative aspects of British culture. It provides insight into the whole spectrum of British contemporary life. Topics covered include: architecture, pubs, film, internet and current takes on the monarchy. Cross-referencing and a thematic contents list enable readers to identify related articles. The entries range fr
