Sommario/riassunto	This book examines the relationship between women, gender and the international security agenda, exploring the meaning of security in terms of discourse and practice, as well as the larger goals and strategies of the global women's movement. Today, many complex global problems are being located within the security logic. From the environment to HIV/AIDS, state and non-state actors have made a practice out of securitizing issues that are not conventionally seen as

such. As most prominently demonstrated by the UN Security Council Resolution 1325 (2001), activists for women's rights have
