Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [213]-237) and index.
Nota di contenuto	Book Cover; Title; Copyright; Contents
Sommario/riassunto	North Korea has traditionally been seen as militarily superior to South Korea in the long feud between the two nations. This brilliantly argued book taps into a great deal of news interest in North Korea at the moment in the wake of recent hostility against Japan. Hamm controversially shows that the received idea of Korea's military strength is partly a myth created by South Korea to justify a huge programme of rearmament.
