Sommario/riassunto	Global Development Finance-the World Bank's annual report on the external financing of developing countries-provides monitoring and analysis of development finance, identifying key emerging trends and policy challenges in international financial flows that are likely to affect the growth prospects of developing countries.Over the past two years, the world has seen turmoil in a relatively small segment of the U.S. credit markets morph into a severe global economic and financial crisis. Although aggressive monetary policy, fiscal stimulus, and guarantee programs to shore up the banking industry
