Growth in the University of California; Appendix 4: List of Documentary Supplements; Notes; Acknowledgments; Credits; Index

Sommario/riassunto

One of the last century's most influential figures in higher education, Clark Kerr was a leading visionary, architect, leader, and fighter for the University of California. Chancellor of the Berkeley campus from 1952 to 1958 and president of the university from 1958 to 1967, Kerr saw the university through its golden years--a time of both great advancement and great conflict.
