

1. Record Nr.	UNINA9910455084503321
Titolo	Plant-animal interactions [[electronic resource] ] : an evolutionary approach // edited by Carlos M. Herrera, Olle Pellmyr
Pubbl/distr/stampa	Oxford ; ; Malden, MA, : Blackwell Science, c2002
ISBN	1-282-37132-0 9786612371325 1-4443-1229-4
Descrizione fisica	1 online resource (331 p.)
Altri autori (Persone)	HerreraCarlos M PellmyrOlle
Disciplina	574.524 577.8
Soggetti	Animal-plant relationships Ecology Evolution (Biology) Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. 263-293) and index.
Nota di contenuto	Plant-Animal Interactions; Contents; Contributors; Preface; Acknowledgements; Geochronological perspective; Part 1: Introduction; Chapter 1: Species interactions and the evolution of biodiversity; Chapter 2: The history of associations between plants and animals; Part 2: Mostly Antagonisms; Chapter 3: Plant-insect interactions in terrestrial ecosystems; color plates; Chapter 4: Mammalian herbivory in terrestrial environments; Chapter 5: Granivory; Part 3: Mostly Mutualisms; Chapter 6: Pollination by animals; Chapter 7: Seed dispersal by vertebrates; Part 4: Synthesis Chapter 8: Ant-plant interactionsChapter 9: Plant-animal interactions: future directions; Appendix: Supplementary information for Chapter 2; References; Index
Sommario/riassunto	Interactions between plants and animals are incredibly diverse and complex and span terrestrial, atmospheric and aquatic environments. The last decade has seen the emergence of a vast quantity of data on the subject and there is now a perceived need among both teachers

and undergraduate students for a new textbook that incorporates the numerous recent advances made in the field. The book is intended for use by advanced level undergraduate and beginning graduate students, taking related courses in wider ecology degree programmes. Very few books cover this subject and those that do are o
