

1. Record Nr.	UNINA9910455094603321
Titolo	Advances in library administration and organization . Volume 26 [[electronic resource] /] / edited by Edward D. Garten ... [et al.]
Pubbl/distr/stampa	Bingley, UK, : JAI Press Amsterdam, : Elsevier, 2008
ISBN	1-280-77162-3 9786613682390 1-84950-528-4
Edizione	[1st ed.]
Descrizione fisica	1 online resource (381 p.)
Collana	Advances in library administration and organization ; ; v. 26
Altri autori (Persone)	GartenEdward
Disciplina	025.1
Soggetti	Library administration Information services - Management Library science Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	Advances in Library Administration and Organization; Copyright page; Contents; List of contributors; Introduction; Chapter 1. Transforming the rational perspective on skill development: The Dreyfus model in library reference work; Introduction; Theoretical background; Study method; Findings; Discussion; Reorganizing the RUSA competencies; Conclusion; References; Appendix. RUSA competencies by Dreyfus skill level; Chapter 2. Corporate culture and the individual in perspective; Introduction; Background; Environmental change; Purposeful culture; The individual; The library context Summary and conclusionsNotes; References; Chapter 3. Breaking out of "Sacred Cow" culture: The relationship of professional advice networks to receptivity to innovation in academic librarians; Introduction; Review of the literature; Methodology; Findings; Conclusions and recommendations; References; Appendix A. Questions related to the composition of individual social networks; Appendix B. Attitudinal dimensions assessed by the Rusaw multifactor assessment instrument; Appendix C. Questions adapted from the Rusaw multifactor assessment

instrument; Appendix D. Survey instrument
Appendix E. Item-total statistics for innovation indicatorsAppendix F.
KMO total variance explained; Chapter 4. Faculty status, tenure, and
compensating wage differentials among members of the Association of
Research Libraries; Tenure; Academic librarianship; Research problem;
Literature review; Data and methodology; Determinants of tenure in
academic libraries: a probit analysis; Determinants of tenure in
academic libraries: a regression analysis; Empirical results; Summary
and conclusions; References; Appendix
Chapter 5. The professional development of small community librarians
in Texas: A qualitative study of the female experienceBackground;
Methodology; Findings; Summary; Conclusions; Notes; References;
Appendix A. Theme Verification Form; Other themes/salient points?;
Appendix B. Interview protocol and questions; Interview questions;
Chapter 6. Academic library directors in the eyes of hiring
administrators: a comparison of the attributes, qualifications, and
competencies desired by chief academic officers with those
recommended by academic library directors
The problem area and its significanceResearch questions; A context for
the study; The stakeholders; Gleaning from the literature; A basis for
comparison; Data collection and analysis; Results and discussion;
Conclusions and recommendations; References; Chapter 7.
Determining the reliability and validity of service quality scores in a
public library context: A confirmatory approach; Introduction;
Background to the study; Nature of the problem and context; Research
questions and hypotheses; Summary; Conclusions; Recommendations
for future research; References; Appendix A. SERVQUAL model
Appendix B. SERVQUAL perceptions battery

Sommario/riassunto

A collection of essays, designed to challenge working administrators
and researchers to look more closely at their operations and consider
again how they develop people and the organizations in which they
work.

2. Record Nr.	UNINA9910962711603321
Titolo	Approaches to Discourse Particles // edited by Kerstin Fischer
Pubbl/distr/stampa	Leiden; ; Boston : , : BRILL, , 2006
ISBN	9786610633005 9781280633003 128063300X 9780080461588 0080461581
Edizione	[1st ed.]

Bazzanella.

Sommario/riassunto

Approaches to Discourse Particles serves as a unique reference by presenting the spectrum of approaches to discourse particles/markers in their richness and variability, whilst ensuring that the differences and similarities between the approaches are clear and comparable. With the hundreds of studies now published on discourse particles/markers, it is becoming increasingly difficult to make such comparisons. Fischer addresses this problem by asking renowned researchers from different linguistic backgrounds to describe their particular ways of accounting for some of the most important problem areas by addressing issues such as: definition; the functional spectrum of the items considered; the model of polyfunctionality proposed; and the broader framework of the model. Discourse particles fulfil many different functions; they contribute to text structuring, dialogue management, turn-taking, politeness, and more. Their investigation is, thus, relevant from many different perspectives within pragmatics and linguistics as a whole. Approaches to Discourse Particles constitutes an important orientation for newcomers to the field, as well as providing the necessary guidance and reference for the many scholars now working in the growing research community. "Wide-ranging and useful. Places the assumptions underlying divergent approaches in sharp relief." - Lawrence Schourup, Osaka Prefecture University, Japan.
