

1. Record Nr.	UNINA9910455116203321
Autore	Reeves Eileen Adair
Titolo	Galileo's glassworks [[electronic resource] ] : the telescope and the mirror // Eileen Reeves
Pubbl/distr/stampa	Cambridge, Mass., : Harvard University Press, 2008
ISBN	0-674-04263-8
Descrizione fisica	1 online resource (240 p.)
Classificazione	UB 2592
Disciplina	522/.2092
Soggetti	Astronomical instruments - Europe - History - 17th century Telescopes - Europe - History - 17th century Optical instruments - Europe - History - 17th century Mirrors - Experiments - History - 17th century Science - History - 17th century Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (p. [169]-218) and index.
Nota di contenuto	The daily mirror of empire -- Idle inventions -- Obscure procedures and odd opponents -- The Dutch telescope and the French mirror -- The afterlife of a legend.
Sommario/riassunto	Galileo and the Dutch telescope have long enjoyed a durable connection in the popular mind, transforming a rather modest middle-aged scholar into the icon of the Copernican Revolution. And yet the speed with which the telescope changed the course of Galileo's life and early modern astronomy obscures his actual delayed encounter with the instrument. This book considers the lapse between the telescope's 1608 creation in The Hague and Galileo's acquaintance with such news ten months later. Along the way, Reeves offers a revised chronology of Galileo's life in this critical period.
