Nota di contenuto	; Introduction -- Review of macro-micro approaches for evaluating the distributional impacts of macroeconomic reforms / [Moataz El-Said] -- Distributional impacts of indirect tax and public pricing reforms: a review of methods and empirical evidence / [David Coady] -- Analyzing the impact of trade liberalization and devaluation on poverty / [Alejandro Simone] -- Distributional impact of agricultural sector reforms in Africa: a review of past experience / [David Newhouse].
Sommario/riassunto	The Poverty Reduction and Growth Facility (PRGF) is used by the IMF to provide support for countries' implementation of their poverty reduction and growth strategies. A key requirement in the design of PRGF programs is understanding the effects of reform program measures on vulnerable groups-particularly the poor-and how to

devise measures to mitigate any negative effects. Poverty and social impact analysis (PSIA) is a critical instrument for pursuing this goal. The IMF has therefore established a small group of staff economists to facilitate the integration of PSIA into PRGF-supported prog
