

1. Record Nr.	UNINA9910455122403321
Autore	Pawsey Rosa K
Titolo	Case studies in food microbiology for food safety and quality [[electronic resource] /] / Rosa K. Pawsey
Pubbl/distr/stampa	Cambridge, U.K., : Royal Society of Chemistry, c2002
ISBN	1-62870-121-8 1-84755-033-9
Descrizione fisica	1 online resource (491 p.)
Disciplina	664.001579
Soggetti	Food - Microbiology Food industry and trade - Safety measures Food industry and trade - Quality control Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	BK9780854046263-FX001; Pawsey(voucher)
Sommario/riassunto	This unique book covers the key issues relating to the control and management of the most commonly occurring food borne bacteria which compromise the safety and quality of food. The 21 case studies, drawn from a wide range of sources, present real life situations in which the management of food borne pathogens failed or was at risk of failure. Each chapter contains a case study which is supported by relevant background information (such as diagrams, tables of data, etc), study questions and a subsequent feedback commentary, all of which encourage the reader to apply their knowledge.
