Sommario/riassunto	Despite all of the attention and accolades that organizations place on teams, they are not always the most efficient way to meet a business challenge. It's expensive and time consuming to launch a team, and it's a full-time job to lead a team toward achieving organizational objectives. This guidebook was written to help managers determine if a team is the right tool for meeting a business goal, and explains potential obstacles and challenges to forming a team that can operate at its full potential.

Sommario/riassunto	Les révélations Snowden confirment qu'aux États-Unis le tiraillement entre impératifs du secret et exigences de transparence demeure vivace. Grâce aux révélations ponctuelles de ce genre et surtout à la mise à disposition régulière de fonds d'archives, il est possible de rendre compte de l'histoire du renseignement américain contemporain, jusqu'aux transformations qu'il a connues depuis les attentats du 11 septembre 2001.
